12:45 P.M. FOCUS ON MANURE APPLICATIONS AND OPPORTUNITIES: PART 2

Following our discussions at the November meeting, we will hear from three representatives of the private sector who are working to promote new and innovative alternative uses for manure. Three questions have been posed to the speakers:

- 1. What is the current status of the technology you are presenting?*
- 2. What is the potential of this technology to reduce nutrient and sediment loads?*
- 3. What is needed to successfully implement this technology on-farm and what is the government's role in that implementation?*
