

Naval Station Norfolk Environmental Division Overview

**Jen Tabor
Installation Environmental Program Director**

Overview of PWD Norfolk Environmental Division & Assessments

• Internal

- Internal Audits – Annually
- Inspections – Installation Assessment Plan 4000+/yr
- Approx 50 group and one on one training sessions/yr

• External

- 21 NSN/CI Regulatory permits; 2 Hampton Rds permits
- EPA/VDEQ/HRSD/VDH periodic inspections
- CNIC External Audits – 3 yr rotation
- Contractor Assessments (Tank, RICE, etc.)

Challenges and Successes

- **Challenges**

- **Naval Station Norfolk is a “City” with multiple missions and high operational tempo**
- **Regulatory changes**
- **Resource/Funding constraints**

- **Successes**

- **EV/mission win: Support Bird Aircraft Strike Hazard program through removal of invasive species- eliminating habitat and improving drainage on the airfield.**
- **Leadership support in formalizing instructions in support of Environment**
- **Leadership driven actions to support installation clean up projects**
 - **Base action team, regular department clean up, FOD walk downs**
